# ✓ Right Answers

## Part 1: Prediction Using Personal Experiences

**After reading each statement, make a prediction based on your own experience. Write what you think will happen next. Then, compare your prediction to what really happened in your experience**

**Q1:**

**A student studied hard the night before the test.**

**What do you think will happen?**

They will do well on the test.

**Compare to experience:**

When I studied hard, I got good grades.

**Q2:**

**A student practiced their speech many times before presenting it in class.**

**What do you think will happen?**

They will speak confidently and do well.

**Compare to experience:**

I felt more confident after practicing my speech.

**Q3:**

**A student studied hard the night before the test.**

**What do you think will happen?**

They will have energy for the game.

**Compare to experience:**

When I ate breakfast before a game, I played better.

**Q4:**

**A student read the chapter before the class discussion.**

**What do you think will happen?**

They will understand the topic better and participate.

**Compare to experience:**

I always do well when I read before class.

**Q5:**

**A student cleaned their room before the guests arrived.**

**What do you think will happen?**

The room will look nice when the guests come.

**Compare to experience:**

My room looked great when I cleaned it before visitors.

**Q6:**

**A student spent extra time practicing their piano piece before the recital.**

**What do you think will happen?**

They will play the song well at the recital.

**Compare to experience:**

When I practiced more, my performance improved.

**Part 2:**

 **Complete the sentence below by predicting what will happen after.**

**Q7: If I study all night for an exam, I will...**

...feel confident but might struggle with some of the harder questions due to fatigue.

**Q8: If I practice a new skill every day for a week, I will...**

...gain more confidence in the skill, but I will need more practice to master it.

**Q9: If I eat a balanced meal before a big presentation, I will...**

...feel energized and focused but might still get nervous before speaking.

**Q10: If I prepare thoroughly for our group presentation, I will...**

...feel confident and deliver my part smoothly during the presentation.
